On the application of Rev: A. R. Slater an addl grant of Rs 200 has been sanctioned from district funds for the current year (Vide G.O. No: R 12424-6 & L.B 116-19-2 dt 27.4.20) and the Municipality have expressed inability to advance the grant.

2) Rev: Slater's representation is that-although in view of the usefulness of the Hospl, a grant of Rs 100 per mensem should be paid to it, the Govt paying not less than Rs 50 a month.

3) The Hospital is doing useful work in the Mysore Province.

There are no general rules for grants in aid to medical institutions similar to those in the Edn Dept in educational institutions. The Senior Surgeon has been asked to frame rules & his reply is awaited.

There seems to be however no need to wait for the general rules,

to deal with this case.

2 It is stated that the monthly expenditure on the hostel is 100 & at present the D^t Bd of Hassan & the Hassan Municipality together make a grant of 50 Rs per month.

3 A grant of 50 Rs per mensem is asked for from Govt.

4 This is a very modest grant & must be sanctioned, the expenditure being met out of the provision for rural hospitals &c in the budget.

Subject:-

Grant to the Redfern Memorial Hospital at Hassan.

When the officiating Dewan (Mr.A.R.Banerji) toured in the Hassan District in January 1919, he made the following observations in respect of the Redfern Memorial Hospital for Women and children at Hassan:-

"This was started over 12 years ago and is in charge of an European Lady Doctor, assisted by five Indian nurses trained in the local Mission Orphanage. There are 18 beds for in-patients in the hospital. A unique feature of this hospital is a creche consisting of 12 babies either forsaken by their mothers or given over to the Mission. The out-patients' average attendance in this hospital is over a thousand a month. Last year, owing to influenza, the total number reached 22,000. The institution is receiving a grant of Rs.200 from the Municipality and Rs.200 from the District Board per annum. It richly deserves a Government grant. The Hospital is most up-to-date and efficiently managed and should be an object lesson to the Medical Department."

2. A month later, in February 1919, the Rev.Arthur Slater of Hassan submitted a memorial to the officiating Dewan praying for the grant of Rs.100/- per mensem from State Funds to the above hospital, as the total expenditure of the institution was over Rs.1,000/- per month, and the grant of Rs.400/- per year made by the District Board and the Municipality of Hassan was too inadequate to meet the same. This was referred to the Senior Surgeon for favourable consideration, but no reply was received from that officer for nearly a year.

3. Mr.Slater having again submitted another memorial to the Dewan in February 1920 reminding about the request already made by him, I looked into the question and found that the previous application which was referred to the Senior Surgeon was forwarded by that officer to the Deputy Commissioner of Hassan District for opinion as to whether the District Board and the Municipality of Hassan would be agreeable to increase their present grants to the institution. I thereupon got a stringent letter addressed to the Deputy Commissioner as to the cause of the delay in the disposal of the matter and this elicited a reply from that officer in March 1920 to the effect that the District Board had resolved to sanction an additional lumpsum grant of Rs.200/- for the current year, thus bringing the total grant to Rs.600/- for the year from both the District Board and the Municipality of Hassan.

4. A reply to the above effect was sent to Mr.Slater in April 1920 but not being apparently satisfied with the above grant, he called on me at Mysore during the last Dasara and also addressed a letter to me in November 1920 reiterating his difficulties in managing the affairs of the hospital with a small grant of Rs.50/- per mensem from the District Board and the Municipality, as against an approximate monthly expenditure of Rs.1,000/-. He added this time that he would be satisfied with a grant of Rs.50/- per month from Government, so as to bring the total grant from the District Board, the Municipality and the Government to Rs.100/- per month.

5. When the papers came up before me, I thought that this was a modest grant deserving of sanction in view of the large expenditure incurred and the good work that is being turned out at the hospital which I had an opportunity of seeing during my recent visit to Hassan.

6. The Dewan agrees with me and so do the other Members of Council and the Financial Secretary has also acquiesced.

7. I solicit His Highness' gracious approval to the draft Government Order in the file sanctioning the grant of Rs.50/- per mensem to the above hospital with effect from 1st January 1921.

Link-d file

8. In this connection, a question has arisen as to whether it would not be desirable for Government to make grants-in-aid to such institutions apart from grants made by local bodies in the same way as grants made to schools and other educational institutions. This question is receiving separate consideration and will be submitted for orders in due course.

G.R.S. III—3]

From
REV. ARTHUR R. SLATER

HASSAN,
MYSORE STATE.

Nov 5th 1920.

To Humza Hussein Esq
Second Councillor.

Dear Mr Humza Hussein,

When in Mysore you asked me to write to you to remind you about the grant for the Redfern Memorial Hospital.

As you know the matter was referred to the Municipality and the Hassan District Board. The former was not able to increase its grant of Rs 16/8 per month on account of lack of funds; the latter has increased its grant from Rs 16/8 to Rs 33 per month. So that our total grant is but Rs49/ 8 and our monthly expenditure is nearly Rs 1000 a month. It does seem a pitiful grant to make, especially in view of the reports of the splendid work being done there, given by the First Councillor, yourself, and the Second Councillor who visited the Institution last year, and expressed the greatest satisfaction with the work.

The Dewan Saheb also spoke to me at the Dasara and said that he had heard from several outside sources of the popularity of the Hospital. I did not mention the matter of the grant applied for to him, but I am sure he will be in favour of an adequate grant being given that we may continue the work.

I am especially anxious that the Government should make a grant direct of not less than Rs 50 a month, to make up the monthly grant to Rs 100, in view of the visit of the President and Secretary of the Missionary Society which is responsible for supplying funds for the hospital. I am placing before them a scheme for enlarging the hospital by the addition of two wards which will provide about 25 more beds, for our present accommodation is quite insufficient, and if I could say that the Government was prepared to give us such a grant as is asked for, I am sure they would sanction my scheme.

As you know all Missionary societies have been badly hit in the past few years, and the officials referred to, are contemplating closing down some of the work, a proceeding we all regret. But they are anxious to continue the medical work and develope it.

I am also placing before them a scheme for opening four village dispensaries to be visited by car from Hassan on the market days. I believe the Redfern Memorial Hospital will continue to prove a great blessing to the people of the Hassan District. I sincerely hope you will endeavour to give us an adequate grant so we can develope our work.

With kindest regards from my wife and myself
Yours sincerely,
Arthur R Slater.
